Essential Question: How do the characteristics in the Sahara, Sahel, savanna, and tropical rain forest affect where people live, the type of work they do, and how they travel?

	Charateristics	Live	Work	Travel
Sahara				
Sahel				
Savanna				
Rain Forest				

SS7G7 The student will explain the impact of location, climate, physical characteristics, Distribution of natural resources and population distribution on Southwest Asia (Middle East).

a. Explain how the distribution of oil has affected the development of Southwest Asia (Middle East).

Essential Question: How does the distribution of oil has affect the development of Southwest Asia (Middle East)? _____

b. Describe how the deserts and rivers of Southwest Asia (Middle East) have affected the population in terms of where people live, the type of work they do, and how they travel.

	Where do people live?	What type of work do they do?	How do they travel?
Deserts			
Rivers			
Urban Areas			

SS7G11 The student will explain the impact of location, climate, physical characteristics, distribution of natural resources, and population distribution on Southern and Eastern Asia.

a. Describe the impact climate and location has on population distribution in Southern and Eastern Asia.

Essential Question: How do climate and location have an impact on population distribution in Southern and Eastern Asia?

	Impact on Population Distribution
Climate	
Location	

b. Describe how the mountain, desert, and water features of Southern and Eastern Asia have affected the population in terms of where people live, the types of work they do, and how they travel.

Essential Question:

How do the mountains, deserts, and water features of Southern and Eastern Asia affect the population relating to where people live, the types of work they do, and how they travel?

	Where people live?	What types of work they do?	How do they travel?
Mountains			
Deserts			
Water Features
